### Book File Details:

*Review: This is a very interesting re-examination of the cultural milieu in which southern music came to be marketed by the incipient record industry and the way that Jim Crow shaped both cultural expectations of audiences and musicians. It also takes to task the expectations and assumptions of early folklorists whose classist, racist search for authenticity...*

*Description: In Segregating Sound, Karl Hagstrom Miller argues that the categories that we have inherited to think and talk about southern music bear little relation to the ways that southerners long played and heard music. Focusing on the late nineteenth century and the early twentieth, Miller chronicles how southern music—a fluid complex of sounds and styles in...*
